SAGGINA

Marco Pagnoncelli - 2003

Lampada a sospensione modellabile a luce diffusa, realizzata con fili di rame, nelle finiture: cromo lucido (CR). La forma data ai fili di rame, personalizza la lampada.

Classe energetica C

Trasformatore toroidale

Modello depositato

Mouldable hanging lamp with diffused lighting, made with copper wires, with the following finishes: polished chrome (CR). The shape given to the copper wires personalises the lamp.

Dimmable using a MAGNETIC LOW VOLTAGE DIMMER.

Energy class C

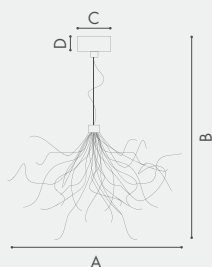

Toroidal transformer

Registered design
